HOW TO CREATE A TEAM

1

Once you've found a league and division that you want to play in, click the "+" located in the bottom right corner of your screen.

2

Click "Create a Team"

3

Now name your team and include a team image and description if you would like. You will also indicate if you will be playing on the team. If you do not wish to play on the team, you will be designated as a "Manager" for this team and you will not be able to check in to games but will be able to assist in managing the team.

4

Once your team has been created and named, you will be able to view your team and begin sharing team invitations. Please note: if the league you sign up for has roster requirements, your team will be put into a "pending" state until you've met the requirements set by your organization admin. You will be able to view those missing requirements, as well as info about your team on this page.

5

It is required to purchase a \$20 semester pass to participate in intramurals, you must first buy the pass at recreation.uni.edu/programs/intramural-sports and then you can create your team.
